

Global Health Opportunity Program for Summer Experiential Education (SEED) in Physical Therapy - Online

This 3-week online summer program is designed for International physical therapy and rehabilitation students who are interested in developing a global perspective on rehabilitation, to learn physical therapy education, research and practice in the US. The virtual program will include self-study sessions, online lectures, live discussions, virtual student roundtables, and campus and program presentations.

July 10-28, 2023
